SAFETY

Navigation becomes a breeze with the standard hydraulic steering system, an integrated footrest and room for a 7 inch GPS screen. On the deck, you and your passengers walk around in all safety. You'll find wide port steps for easy foredeck access, an anti-skid deck trail and helpful hand rails. Do you feel in for a swim? Use the integrated swim platform or get the extended one to slide in gently.

COMFORT

The helm of the Activ 555 Cabin was designed to improve functionality and optimise space. As a pilot, everything you need is at your fingertips. There's a sport steering wheel, integrated armrest and footrests, and with the Activ Trim, you can count on effortless and optimal engine performance. Whenever you feel like taking a break, you just turn off the engine and swivel your chair around to face your crew. Indoors, cabin space has been optimised and the interior headliner gives a touch of cosiness. A translucent sliding door and side foredeck skylights add to a luminous and comfortable stay.

VERSATILITY

The Activ 555 Cabin is a year-round all-rounder. It has nice places to relax all around. Pivoting seats and a mountable table turn the cockpit into a dining area right away. But first, you might want to deploy the cockpit sun lounge. Or go to the bow sun deck, of course. As soon as night falls or clouds gather, the cabin awaits you. Either sit down around the cosy cabin table or convert the seating into a spacious double berth of 2 meters.

STORAGE

In the cockpit area, storage space is conveniently tucked away below the aft bench seating. Supplementary storage is integrated in the helm and in the cabin. Combined, the Activ 555 Cabin is equipped with plenty of space to keep personal belongings, sun pads and other items dry and safe.
